

'Orkney Futures... is a handbook like no other. For a small book, it tackles ambitious themes.' Ron Ferguson

'Such books, or public-actions, bridge art and social thinking – a gentler and therefore more penetrating form of thinking seems to emerge, when we look to the future in this designated non-designated space...' Alec Finlay

'I'm sure this slim book is one of the most important to be published in Orkney for a long time.' Howie Firth

'An excellent production. The quality and variety of contributions is hugely impressive.' Liam McArthur MSP

Available throughout Orkney—and beyond! Online from braeprojects.com/shopsite and orcadian.co.uk.
